Brand Overview

Company Overview

Since 2018, Kitchen Mama has been a leading innovator in the kitchen tool industry, dedicated to making cooking accessible and enjoyable for everyone. Celebrated for our patented designs and cutting-edge technology, we have become a trusted household name. Our hero products, the electric can openers, and our rechargeable gravity grinder highlight our commitment to ease and convenience. Each product is crafted to empower individuals, particularly those with weak hands or arthritis, enabling them to cook with confidence and joy.

Our unwavering focus on quality and customer satisfaction ensures that every Kitchen Mama tool enhances the cooking experience, making meal preparation delightful and effortless. We believe in the power of innovative kitchen tools to bring families together and create love-filled meals.

Brand Story

Kitchen Mama's story is a heartwarming tale of love and culinary passion passed down through generations. In the 1980s, Iris' family was known for their warm hospitality and delicious meals. When Iris' grandma, Ola, struggled with arthritis, her father invented an automatic can opener to help her continue cooking with ease. This thoughtful innovation inspired the family to share it to the world.

Gavin, a second-generation family member, co-founded Kitchen Mama to improve lives globally. Our motto, "YES YOU CAN," reflects our mission to empower people to create love-filled meals effortlessly. Each product, from our electric can openers to our rechargeable gravity grinders, is designed to make cooking enjoyable for everyone, embodying our commitment to ease and convenience.

Our Mission and Vision

Mission

Kitchen Mama is dedicated to bringing people together and bonding with loved ones over cooking.

Vision

By providing products and recipes that enable people to efficiently make healthy and delicious food.

01

Joyful Vibe

Our mission is to make cooking easier and more enjoyable.

02

Ease of Use

Our products are designed for everyone, especially those with weak hands or arthritis.

03

Innovative Products

Unique patented product designs make the meal prep more safely and effortlessly.

04

Sustainable Solutions

Our ambition is to strive for minimal environmental impact with a focus on sustainable packaging solutions.
